SIDI MAAROUF 4, CASABLANCA

INTRODUCTION

Finance and technology student at ESTC (BFA) with an international academic background and a strong interest in FinTech and financial data. I completed one year of Software Engineering studies in China, where I developed solid foundations in computer science, improved my communication skills, and adapted to a multicultural academic environment. Curious, motivated, and proactive, I aim to combine finance and technology through further studies and practical experience in innovative, data-driven financial fields.

EDUCATION

Scientific Baccalaureate – Physics and Chemistry (Mention Bien)

Oum elbanine high school, Casablanca, Morocco

Banking, Finance and Insurance (BFA)

Superior School of Technology of Casablanca (ESTC), Morocco
